

CATEGORY: Tools TMT Guide Post Calcified Deposit Mandrel

Engineered Tooling Solutions *FAST*

The TMT Guide Post Calcified Deposit Mandrel is a simple tool specifically designed to fit the TMT Slimline Anchor Slot, to remove any marine growth build up in the anchor slot. The tool is made of 316 Stainless Steel.

The scrapper is attached to a D-bar handle to allow a range of ROV manipulators to operate the tool.

TMT can also customise the Guide Post Calcified Deposit Mandrel to suit your needs.

Features:

- Easy to use
- Different ROV handle options
- Stainless steel
- Field proven
